

THERMOSTATS

HONEYWELL THERMOSTATS & ACCESSORIES

Westaflex/Uniflex are one of Australia's largest re-sellers of Honeywell products. Honeywell thermostats are arguably the most popular thermostat used in Australia in both domestic and commercial applications. If you don't see the model you require below, please contact your local Westaflex/Uniflex outlet for details.

DT-200 (T6620B1024)

The DT-200 room thermostat is designed to provide automatic temperature control of heating systems in the home. It can be used to control gas ducted heating, circulation pumps and zone valves. The DT-200 has a simple user interface with two buttons and large digital display. The DT-200 is also CE approved. Some of the DT-200 features include:

- 5 to 35o setpoint range with 0.5 °C increments
- On/Off Switch
- Battery powered by 2AA size batteries
- 24-240V SPDT potential free contacts for simple 2-wire installation
- Default setpoint of 21°C
