## SIEMENS DAMPER ACTUATORS

When it comes to Damper actuators, Westaflex/Uniflex will not compromise. We only use the best "Name" brands in the market. Siemens is one of two that we have decided to promote and use in conjunction with our own products or sold individually.

### » GXD/GSD/GSK SERIES

Available in three models to suit a variety of domestic or commercial applications. Listed below are some of the features that these actuators provide.

- 240Vac, 24Vac or 24Vac RJ12 connections
- 1.5Nm or 2.0Nm (depending on model)
- Drive Open/Drive Close
- Full travel in 19 seconds
- Double Insulated
- Units can be wired in Parallel
- Position Indicator (depending on model)
- 1 meter lead (excluding 24v RJ-12 motor)
- CE and C-Tick approved
- Standard coupling setup

### » GDB SERIES

Commercial quality actuators with high Nm power. GDB series features include.

- 240Vac or 24Vac
- 0-10 Vdc control version available
- Drive Open/Drive Close or Drive Open/Spring Close
- DC 0...10V feedback signal for position indication
- Mechanically adjustable working range between 0...90o
- Pre-wired with connecting cables 0.9mtr

### 24V GXD Motor

### 240V AXD Motor

### 24V RJ-12 Motor

### 240V GDB Motor

All prices **DO NOT** include GST.
